Questions & Answers

What is a Roth Individual Retirement Account (Roth IRA)?

A Roth IRA is a type of tax-preferred savings and investment account authorized by Internal Revenue Code section 408A. The Roth IRA allows you to accumulate assets for retirement purposes and for other purposes.

What are the tax benefits of a Roth IRA?

A Roth IRA will produce tax-free income if certain rules are met. You or your beneficiary(ies) will not be required to include in income, for income tax purposes, a distribution paid from a Roth IRA, whether it be the return of a contribution or the account's earnings, if certain rules are met. In some cases, you may be eligible to claim a tax credit because of your Roth IRA contribution.

What is the basic concept of a Roth IRA, and what are the associated tax benefits?

If you are eligible, you may make contributions, within limits, to the Roth IRA. You make these contributions with after-tax dollars. The earnings realized by the Roth IRA are not presently taxed, and if certain distribution rules are met, will never be taxed. For example, if you are age 42 on January 1, 2007, and you contribute \$1,000 a year for 34 years (2007-2040) to a Roth IRA, then your contributions of \$34,000 would accumulate to \$110,434.88 as of December 31, 2040 if an earnings rate of 6% compounded annually were realized. You and your beneficiary(ies) would, of course, not pay any federal income tax on the contribution amount of \$34,000 when distributed, because you cannot claim a tax deduction for your contributions. However, the great tax benefit to be realized from a Roth IRA is that you and your beneficiary(ies) will not have to include in your taxable income the earnings of \$76,434.88 (and subsequent future earnings) when distributed to you or your beneficiary(ies), as long as the distributions are qualified distributions, as defined later.

THE CONTRIBUTION RULES

When do I have to establish the Roth IRA?

You have until the due date (without extensions) for filing your federal income tax return, normally April 15, to establish and fund your Roth IRA for the previous tax year.
